## Temple's Silver Jubilee Commemoration Volume

### Coffee Table Book Makes a Beautiful Gift!

**The Silver Jubilee Commemoration Volume is now available! This 200-page Hard-cover Edition, containing 375 line drawings and photographs, vividly captures the art and architecture embedded in this unique temple. The book contains information about Hindu temples and worship as per Sanatana Dharma.**

**For the benefit of younger members of the congregation and those who are not familiar with Hindu puranas and itihasa, there are brief narratives about the various deities represented at the temple. The book also tells the story of how this great temple was built and how it has blossomed into a center of learning, promotion of arts and community service besides being an altar of worship. This work will interest all those who want to learn more about the Hindu Way of Life in America and will make a great gift to family and friends!**

**Single copy: \$30 if bought at the Temple; add \$5 for S&H if you want it mailed.**
