Renovation and Preservation of Our Temple
For us and our next generation

Renovation and Preservation of Our Temple
For us and our next generation

SSVT Fundraising Trifold 17x11 Brochure-final.indd 1
10/28/2018 7:02:12 PM
Dear Devotees

We sincerely thank all the donors over the past decades for the continuous financial support. We are reaching out to you to seek your generous support to further strengthen our temple.

We are glad to inform you that the Jeernodharana Kumbhabhishekam donor boards were unveiled in the temple on September, 16, 2018.

The Temple’s financial requirements can be broadly classified under three major categories.

A. SSVT OPERATIONAL FINANCES

SSVT’s revenues have been stable, however, with inflation, the costs for staff, health insurance, temple maintenance, cleaning etc have risen steadily. The Board has constituted two task force teams to analyze the Temple’s revenue model and cost structure. The teams are to recommend ways to restrain costs and increase revenues while maintaining excellent devotee services. The recommendations from these two task forces will go into effect soon. The Board is committed to continue to maintain an appropriate balance between operational costs and revenues in future years.

Aging Infrastructure

Our temple’s first Kumbhabhishekam was held in 1991 and most of the additions and infrastructure are over 30 years old. The deities, Vimanams and Gopurams were renovated during the Jeernodharana Kumbhabhishekam: However the internal engineering systems for heating and cooling, Roof need repairs and renovation as they have outlived their useful life.

The SSVT Board has prioritized the following items for immediate renovation:

• HVAC replacement for the main temple
• Roof Renovation
• Security and IT
• Infrastructure improvements

B. CAPITAL RENOVATION AND PRESERVATION FUND (2018-2019)

Just like we did Jeernodharanam for the deities and Gopurams, we need to perform Jeernodharanam for the aging infrastructure. Acharyas have always emphasized renovation and preservation of the existing temple is more important than building new temples. We need to maintain and preserve our temple for us and for our future generation.

SSVT Board has set a goal to raise $1.5 million between now and December 2019 towards Renovation and Preservation Fund. SSVT would like to fund this project without any long term borrowing. SSVT requests your generous donation. No amount is small. Every dollar helps in achieving the goal. You can help the temple by sponsoring:

• Renovation and Preservation Capital Fund - Any amount
• Annual puja for your Ishta devathas.
• One-Day Puja sponsorship for all deities in the temple on any one day of your choice that may coincide with your birthday, anniversary day, or in memory of your loved ones.
• Life time puja donations more than 10,001 will automatically be included as sponsor for 35th Anniversary Mahotsavam planned in 2019.

All your donations will be counted for the Renovation and Preservation Capital Fund recognition and your donation is tax deductible.

C. ENDOWMENT FUND (LONG TERM)

Sri Siva Vishnu Temple needs to be preserved for us and for our next generations forever. Therefore, creating an endowment of US $20 million by 2028 is our goal. The current value of SSVT’s endowment is just over US $2 million. SSVT requests you to (i) contribute to the endowment and (ii) consider including SSVT in your will and estate planning.

SSVT Board of trustees and members of fundraising committee will be reaching out to you soon to seek your support.

Sri Siva Vishnu Temple Board of Trustees

### ANNUAL PUJA SPONSORSHIP

All major pujas in a year to a deity will be performed in your name.
